Certified fast-growing  
European tree farms.

**UV Finish**

Available with UV finish  
maple back.

**garnica**

Challenge the ordinary

**performance**  
ultra-smooth

## PREMIUM POPLAR PLYWOOD WITH A UNIFORM PAINTED OR PRIMED SURFACE

European poplar panel designed to save time and money in manufacturing furniture:

**PAINT** Painted: ready to use (white or grey)

**PRIME** Pre-painted: white, ideal for finishing with a final coat of paint

New smooth technology with excellent colour retention and scratch and impact-resistance, it avoids "telegraphing" as well as delamination and swelling thanks to its anti-mould technology.

Its premium-quality poplar core makes it extraordinarily light, stable, smooth and easy to machine.

### Applications:

Especially designed for the most challenging furniture and cupboards, such as in kitchens, where a high-quality panel is required for a subsequent perfect paintwork finish.

Available with  
natural maple wood  
back with varnished  
finish, ideal for the  
insides of drawers  
and cupboards.
